PROFESSIONAL EXPERIENCE

2024 – present	Associate Professor – Tenured <i>Office of Medical Education Research and Development</i> College of Human Medicine, Michigan State University, East Lansing, MI <i>Department of Epidemiology and Biostatistics</i> College of Human Medicine, Michigan State University, East Lansing, MI
2025 Fall	Visiting Scholar Stanford Prevention Research Center, Department of Medicine College of Medicine, Stanford Medicine, Palo Alto, CA
2025 Fall	Visiting Scholar Department of Surgery College of Medicine, University of California, San Francisco, Mission Bay, CA
2018 – 2024	Assistant Professor – Tenure Track <i>Office of Medical Education Research and Development</i> College of Human Medicine, Michigan State University, East Lansing, MI <i>Department of Epidemiology and Biostatistics</i> College of Human Medicine, Michigan State University, East Lansing, MI
2022 – 2024	Research Scientist <i>Department of Veterans Affairs</i> Battle Creek VA Medical Center, Battle Creek, MI
2016 – 2017	Research Assistant Professor <i>Methodology Group</i> College of Education, The University of New Mexico, Albuquerque, NM <i>Department of Individual, Family, and Community Education</i> College of Education, The University of New Mexico, Albuquerque, NM

EDUCATION

2016	Michigan State University , East Lansing, MI Ph.D., Measurement & Quantitative Methods Major: Measurement; Minor: Statistics Department of Counseling, Educational Psychology, and Special Education Advisor: Dr. Kimberly S. Kelly
2016	Michigan State University , East Lansing, MI M.S., Biostatistics Department of Epidemiology and Biostatistics

2008	Advisor: Dr. Joseph Gardiner National Chengchi University , Taipei, Taiwan M.A., Educational Administration and Policy Department of Education Advisor: Dr. Hsen-Hsing Ma
2004	National Kaohsiung Normal University (NKNU) , Kaohsiung, Taiwan B.A., Educational Psychology and Counseling Department of Education Advisor: Dr. Tsuey-Shing Fu

ACCREDITATIONS

2009	Ministry of Education , Taiwan Educational Administration Track, Senior Examination for the Civil Service Diplomat Certificate
2004	National Kaohsiung Normal University , Kaohsiung, Taiwan Student Teacher Elementary School Teaching Certificate
2004	National Kaohsiung Normal University , Kaohsiung, Taiwan Student Teacher Secondary School Teaching Certificate

CERTIFICATES

2025	Applied Generative AI Specialization <i>Michigan Engineering</i>
2020 – 2022	Fundamentals of Data Science <i>Institute for Computational & Mathematical Engineering, Stanford University</i>
2020	Data Science and Big Data Analytics: Making Data-Driven Decisions <i>MIT xPRO</i>
2017	Deep Learning Nanodegree Foundation <i>Udacity Nanodegree Program</i>
2017	Neural Network and Deep Learning <i>deeplearning.ai by Andrew Ng</i>
2016	Python Data Structure <i>University of Michigan</i>
2015	Pattern Discovery in Data Mining <i>University of Illinois at Urbana-Champaign</i>

AWARDS & FELLOWSHIPS

2025	Ruth Allen Endowment Award, Michigan State University, East Lansing, MI
2015	Graduate Office Fellowship, Michigan State University, East Lansing, MI
2015	Research Enhancement Award, Michigan State University, East Lansing, MI
2012 – 2015	Research Practicum/Development Fellowship, Michigan State University, East Lansing, MI

2011 – 2012	Summer Research Renewable Fellowship, Michigan State University, East Lansing, MI
2009	Government Scholarship for Studying Abroad, Ministry of Education, Taiwan
2001 – 2004	Academic Excellence Awards, National Kaohsiung Normal University, Taiwan
2003	Ching-Tien Educational Research Scholarship, NCKU, Taiwan
2002	His-Chen Hsu Scholarship, National Kaohsiung Normal University, Taiwan
2001	Shih-Chin Tsen Memorial Scholarship, National Kaohsiung Normal University, Taiwan

GRANTS

Funded

- ¹⁷ Principal Investigator. *Examining Fairness in AI-Based Clinical Assessments*. President Grant. Josiah Macy Jr. Foundation. 3/1/2026 – 2/28/2027. (Total: 25,000). 10% summer, 0.30 summer months.
- ¹⁶ Principal Investigator. *Fair and Equitable AI Assessment: Operationalizing Measurement Invariance in OSCE Video Analytics*. Emerging Innovators Grant, National Board of Medical Examiners. 11/1/2025 – 10/31/2026. (Total: \$25,000) 3% effort. Declined to allow continued review of another NBME proposal (Stemmler Grant).
- ¹⁵ Co-Investigator (PI: J. Oostema) *Understanding EMS decision-making and its contribution to missed and delayed diagnosis of acute stroke in the pre-hospital setting*. AcademyHealth: Research on Pre-Hospital Diagnostic Delay. 10/15/2023 – 10/14/2024. (Total: \$150,000) 26% effort (3.1 calendar months).
- ¹⁴ Co-Principal Investigator (PI: E. Umuru). *Homeless Veteran Evaluation*. Veteran Affairs Battle Creek. 11/1/2023 – 9/30/2024. (Total: \$200,000, Direct: \$49,880.03, Unrecovered Indirect: \$12,883.42) 35% effort AY, 33.33% Summer (3.5 person-months AY, 1.05 person-months Summer).
- ¹³ Co-Investigator (PI: H.-J. Wu) *Evaluation of Michigan 21st Century Community Learning Center*. Michigan Department of Education. 07/01/2020 – 06/30/2025. (Total: \$2,430,000). 30% effort (2.25 person-months AY, 0.3 person-months summer) in Year 3.
- ¹² Co-Investigator (PI: O. Alshaarawy) *Cannabis use and cardiovascular health outcomes among patients with high blood pressure*. National Institutes of Health. 07/01/2023 – 06/30/2028. 0.18 AY and 0.06 summer months in Year 1 (2% effort, 0.24 person-months) and 0.9 AY and 0.3 summer months (10% effort, 1.2 person-months) in Year 2 – Year 5.
- ¹¹ Site PI (PI: S. Santarossa). *Patient Engaged Validation of the PEIR Survey Enhanced by Inclusion, Diversity, Equity, Acceptance, and Safety (PIER - IDEAS)*. Patient-Centered Outcomes Research Institute. 9/1/2024 – 10/31/2025. (Total: \$664,948, Direct: \$500,000, Indirect: \$164,948). 13% effort (1.43 Academic month, 0.39 Summer Month) over 14 months.
- ¹⁰ Psychometrician Consultant (PI: S. Santarossa). *Patient Engaged Validation of the PEIR Survey Enhanced by Inclusion, Diversity, Equity, Acceptance, and Safety (PIER - IDEAS)*. Patient-Centered Outcomes Research Institute. 8/1/2023 – 7/31/2025. (Total: \$664,948, Direct: \$500,000, Indirect: \$164,948). \$5,000, 25 hours through two years.
- ⁹ Principal Investigator. *Developing Speech-to-Text Models for Medical Undergraduates' Clinical Competency in Objective Structured Clinical Examinations Using Natural Language Processing*. National Board of Medical Examiners Innovation Grant. 1/1/2023 – 12/31/2023. (Total: \$25,000, Direct: \$22,727, Indirect: \$2,273) 4.2% effort (0.38 person-months AY, 0.13 person-months summer). No cost extension 1/1/2024 – 12/31/2024.

- ⁸ Principal Investigator (PI: C. Chang, Co-PI: H. Laird-Fick) *Using Computer Vision Techniques to Identify Medical Students' Safety Behaviors in Objective Structured Clinical Examinations*. American Medical Association Accelerating Change in Medical Education Innovation Grant. 9/1/2022 – 8/31/2023. (Total: \$30,000, Direct: \$30,000). 10% effort (0.9 person-months AY, 0.3 person-months summer). No cost extension 9/1/2023 – 8/31/2024.
- ⁷ Co-Principal Investigator (PI: E. Umuru). *VINC13 Homeless Veteran Evaluation*. Veteran Affairs Battle Creek. 10/1/2022 – 5/15/2023. (Total: \$49,880.03, Direct: \$49,880.03, Unrecovered Indirect: \$12,883.42) 65% effort (7.48 person-months AY).
- ⁶ Statistical Consultant (PI: W. Ma, Co-PI: G. Xu) *General Cognitive Diagnosis Model: Development, Estimation, and Applications*. National Science Foundation. 6/1/2022 – 5/31/2025. (Total: \$360,000. \$5,000 in Year 3).
- ⁵ Co-Investigator (PI: L. Sempere) *Image-Guided Intraductal Ablative Procedure for Primary Prevention of Breast Cancer*. National Institutes of Health. 12/14/2021 – 11/30/2026. (Total: \$2,837,534, Direct: \$1,829,398, Indirect: \$1,008,136). 0.45 person-months AY, 0.15 person-months summer for five years.
- ⁴ Research Mentor (PI: B. Wexler) *The Psychological & Social Impact of SARS-CoV-2 on Michigan's Rural Communities*. Health Resources & Services Administration - Rural PREP Microresearch. 06/26/2020 – 6/25/2021. (Total: \$4,000).
- ³ Statistical Consultant (PI: J. Clarke) *BEACON's Cultural Climate Audit: Creating a Toolkit for Establishing Diversity as a Core Value Across Multi-Institutional Partnerships*. Internal Grant at Center for the Study of Evolution in Action: An NSF Science and Technology Center. 03/23/2018 – 10/1/2019. (Total: \$38,375).
- ² Co-Investigator (PI: A. Pelosi, and B. Biancucci) *Development and Testing of a Novel Canine Annuloplasty Ring for Mitral Valve Repair*. Cavalier King Charles Spaniels Charitable Trust (ACKCS), Inc. Feb. 2014 – Feb. 2015. (Direct: \$12,851).
- ¹ Co-Investigator (PI: R. Black, K. Chou, M. Millerick-May, and W. Powers) *Estimation of Health Impacts of Livestock Production*. Animal Agriculture Initiative. Jul. 2010 – Dec. 2011. (Direct: \$46,606).

Under Review

- PI. Automating Surgical Skill Feedback: Development and Validation of an AI Agent for Timestamped Procedural Assessment. Stemmler Grant. National Board of Medical Examiners. Invited to submit the full proposal. Full proposal submitted.
- Site PI (PI: J. Mitchell). Comprehensive Point-Of-Care Ultrasound (POCUS) *Training with Motion Augmented eXperience (MAX) Feedback for Special Operations Forces (SOF) Medic*. US Department of Defense. 07/01/2024 – 06/30/2027. Submitted on Nov., 14, 2025. (Total: \$55,496.00, Direct: \$35,348.00, Indirect: \$20,148.00) 5% effort (0.6 calendar months; 0.45AY and 0.15 summer months).

PEER-REVIEWED CONFERENCE PAPERS

† Undergraduate students work with Dr. Chang

* Master students work with Dr. Chang

% Medical students work with Dr. Chang

PhD students work with Dr. Chang

Accepted or Presented

- ⁶⁴ **Chang, C.,** Vipul, J.*, Laird-Fick, H. (2025). *Natural Language Processing for Corpus and Keyword Analysis in Medical Education: Insights from Annotated OSCE Transcripts*. Paper was accepted to present at the Association of Medical Education in Europe Annual Meeting, Barcelona, Spain (Aug 2025). Withdrawn due to funding cut.
- ⁶³ **Chang, C.,** Vipul, J.*, & Laird-Fick, H. (2025). *Evaluating Annotation Performance of GPT-4o Mini, RoBERTa, and Human Annotators*. Paper was presented at the National Council of Measurement in Education, Denver, CO (Apr. 2025).
- ⁶² **Chang, C.,** Bao, W.#, Kong Y., & Laird-Fick, H. (2025). *Ensuring Measurement Invariance and Fairness in OSCEs Using AI-Based Action Detection Models for Hand-Washing and Glove-Wearing: A Fairness Approach for Small Sample Sizes*. Paper was presented at the American Educational Research Association, Denver, CO (Apr. 2025).
- ⁶¹ **Chang, C.,** Bao, W.#, Kong Y., & Laird-Fick, H. (2024). *Assessing Medical Students' Hand-Washing and Glove-Wearing Actions in an Objective Structured Clinical Examination Using Computer Vision*. Paper was presented at the American Association of Medical Colleges, Atlanta, GA (Nov., 2024).
- ⁶⁰ **Chang, C.** (2024). *A Systematic Review of Standard Setting Approaches in Clinical Skills Assessment for Medical Education: Opportunities and Challenges*. Paper was presented at the International Association for Health Professions Education, Basel, Switzerland (Aug, 2024).
- ⁵⁹ **Chang, C.** (2024). *Artificial Intelligence Applications in Objective Structured Clinical Examinations*. Paper was presented at the American Educational Research Association, Philadelphia, PA (Apr. 2024).
- ⁵⁸ **Chang, C. & Sun, T.** (2024). *Psychometric Considerations for Mitigating Assessment Bias*. Paper was presented at the American Educational Research Association, Philadelphia, PA (Apr. 2024).
- ⁵⁷ **Chang, C.,** Zhuang, H.*, Kong, Y., & Laird-Fick, H. (2023). *Using Computer Vision to Assess Students' Safety Behaviors in an Objective Structured Clinical Examination*. Poster presented at the annual ChangeMedEd conference, Chicago (Sep. 2023).
- ⁵⁶ **Chang, C. & Akaeze, H.#** (2023). *Predicting medical students' specialty choices using geographical variables: Findings from data spanning 30 years*. Paper presented at the annual meeting of the American Educational Research Association, Chicago, IL (Apr. 2023).
- ⁵⁵ **Chang, C.,** Parker, C., Malinowski, R., & Gold, J. (2022). *Evaluation of the peer comments for small group discussion in curriculum with virtual and in-person settings*. The paper was presented at Learn Serve Lead 2022: The AAMC Annual Meeting, Nashville, TN (Nov. 2022).
- ⁵⁴ **Chang, C.,** Laird-Fick, H., & Parker, C. (2022). *Assessing medical students' longitudinal history-gathering skills in Objective Structured Clinical Examination and its reliability: A testlet response model approach*. Paper presented at the annual meeting of the American Educational Research Association, San Diego, CA (Apr. 2022).
- ⁵³ **Chang, C.,** Laird-Fick, H., & Parker, C. (2021). *Application and challenges of applying artificial*

- intelligence in assessing undergraduate medical students*. Poster presented at the annual ChangeMedEd conference, virtual (Sep. 30, 2021).
- ⁵² McCaffery, H. & **Chang, C.** (2021). *Simulated stromatolites: Are Martian fossils likely to be found?* Paper presented at the Joint Statistical Meeting, virtual (Aug. 11, 2021).
- ⁵¹ **Chang, C.**, Debnath, I.[†], & McCaffery, H. (2021). *Evaluating the classification accuracy of five machine-learning classification methods in identifying rare cases in educational assessment settings*. Paper presented at the Joint Statistical Meeting, virtual (Aug. 11, 2021).
- ⁵⁰ Wexler, B.%, Haque, B., Keyes, C.%, Alavi, Z., & **Chang, C.** (2021). *The impact of SARS-CoV-2 on Mental Health in Michigan's Rural Communities*. Paper presented at the National Rural Health Conference, virtual (Apr. 2021).
- ⁴⁹ **Chang, C.**, Laird-Fick, H., Parker, C., Wexler, B. %, Keyes, C. W. %, & Solomon, D. (2021). *Assessing the impact of clerkships on the growth of clinical knowledge*. Paper presented at the 2021 the Central Group on Educational Affairs, virtual (Apr. 2021)
- ⁴⁸ **Chang, C.**, Laird-Fick, H., Parker, C., & Solomon, D. (2021). *Alternative Reliability Measures for Medical Students' Skills in Objective Structured Clinical Examinations*. Paper presented at the annual meeting of the American Educational Research Association, virtual (Apr. 2021).
- ⁴⁷ Parker, C., Laird-Fick, H., **Chang, C.**, Wang, L., Malinowski, R., Emery, M., & Solomon, D. (2020). *The generalizability of a progress clinical skills examination for assessing the growth in clinical skills*. 2020 Northeastern Group on Educational Affairs (NEGEA). (Conference canceled).
- ⁴⁶ **Chang, C.** (2020). *Using neural network for latent transition hierarchical cognitive diagnostic models*. The 2020 National Council on Measurement in Education, Minneapolis, MN (Conference canceled).
- ⁴⁵ **Chang, C.**, Laird-Fick, H., Parker, C., Wang, L., & Solomon, D. (2020). *What do entrustable professional activities (EPAs) measure? Evidence from exploratory and confirmatory factor analyses*. The American Educational Research Association, San Francisco, CA (Conference canceled).
- ⁴⁴ **Chang, C.**, Laird-Fick, H., Parker, C., Wang, L., & Solomon, D. (2020). *Assessing medical students' clinical performance progress and the relationship with USMLE Step 1 scores*. The American Educational Research Association, San Francisco, CA (Conference canceled).
- ⁴³ Zheng, B., **Chang, C.**, & Lin, C.-H. (2020). *Self-efficacy, academic motivation, and self-regulation: How do they predict academic achievement for medical students?* The American Educational Research Association, San Francisco, CA (Conference canceled).
- ⁴² Wang, L., Laird-Fick, H., **Chang, C.**, Parker, C., Malinowski, R., & Solomon, D. (2020). *Evaluating medical students' trajectory on progress tests using Markov Chain model*. The American Educational Research Association, San Francisco, CA (Conference canceled).
- ⁴¹ Laird-Fick, H., Solomon, D., Wang, L., **Chang, C.**, Parker, C., & Malinowski, R. (2019). *Implementation of a progress clinical skills examination program in a new medical school curriculum*. Paper presented at The Generalists in Medical Education, Phoenix, AZ (Nov. 2019).
- ⁴⁰ Wang, L., Laird-Fick, H., Parker, C., **Chang, C.**, Malinowski, R., & Solomon, D. (2019). *Can a "wake-up call" improve medical students' performance in their first year?* Paper presented at the annual meeting of the Association of American Medical Colleges Group on Educational Affairs, Phoenix, AZ (Nov. 2019).

- ³⁹ Mavis, B., **Chang, C.**, Laird-Fick, H., Thompson-Busch, A., Thompson, M., Emery, M., & Wagner, D. (2019). *Comparing graduates' self-assessment with program directors' ratings of entrustability*. Paper presented at the annual meeting of the Association of American Medical Colleges Group on Educational Affairs, Phoenix, AZ (Nov. 2019).
- ³⁸ Wang, L., Laird-Fick, H., Parker, C., **Chang, C.**, Malinowski, R., & Solomon, D. (2019). *Performance of medical school students in small groups based on competency-based testing in a new medical school curriculum*. Paper presented at the annual meeting of the Association of American Medical Colleges Group on Educational Affairs, Phoenix, AZ (Nov. 2019)
- ³⁷ **Chang, C.** & McCaffery, H. (2019). *Classification accuracy of longitudinal diagnostic assessment models: A simulation study using a neural network approach*. Paper presented at the Joint Statistical Meeting, Denver, CO (Jul. 2019).

(2012a). *The triglyceride: High-density lipoprotein-cholesterol ratio in prediction of development of atherosclerotic disease process*. Paper presented at the 64th Annual Meeting of the American Academy of Neurology, New Orleans, LA (Apr. 2012).
- ⁹ Jani, V., **Chang, C.**, Hussain, S., Kassab, M., Fitzsimmons, B.-F., & Zaidat, O. (2012b). *Association of inflammatory markers in vascular death: A retrospective overview*. Paper presented at the 64th Annual Meeting of the American Academy of Neurology, New Orleans, LA (Apr. 2012).
- ⁸ **Chang, C.** & Maier, K. S. (2012). *Power analysis for two-level hierarchical models with propensity score applied to different levels*. Paper presented at the 2012 Biannual Meeting of the Society of Research on Educational Effectiveness, Washington, DC (Mar. 2012).
- ⁷ **Chang, C.** (2011). *Teacher's beliefs, attitudes, and professional development: A cross-country analysis using multilevel modeling*. Paper presented at the Annual Meeting of the International Meeting of the Psychometric Society, Hong Kong (Jul. 2011).
- ⁶ **Chang, C.** (2011). *Tendency, decision-making processes, and satisfaction of international students in Taiwan*. Paper presented at the Annual Meeting of the Comparative and International Education Society, Montreal, Canada (May 2011).
- ⁵ Steward, R. J., **Chang, C.**, Chen, T., & Tong, B. (2010a). *In search of optimal levels of counseling competence: A study of counselor trainees' backgrounds on skill acquisition*. Paper presented at the Annual Meeting of the American Psychology Association, Division 45, Ann Arbor, MI (Jun. 2010).
- ⁴ Steward, R. J., **Chang, C.**, Chen, T., & Tong, B. (2010b). *Predicting exceptional status among counselor trainees with origins beyond the USA*. Paper presented at the Annual Meeting of the American Psychology Association, Division 17 Great Lake Conference, Akron, OH (Apr. 2010).
- ³ Steward, R. J., **Chang, C.**, Ali, K., Riojas, P., Chen, H., & Neal, S. (2010). *Identifying predictors of high school ranking: An exploratory study of the influence of school, student and district*. Paper presented at the Annual Meeting of the American Psychology Association, Division 17 Great Lake Conference, Akron, OH (Apr. 2010).
- ² **Chang, C.** (2007). *A comparison study of Chinese as a Second Language Policies in China and Taiwan*. Hawaii International Conference on Education, Honolulu, HI (Jan. 2007).
- ¹ **Chang, C.** (2006). *A comparison study of attracting international students policies in USA, Japan, France, Germany, and Australia*. National Chi-Nan University, Nantou, Taiwan (Aug. 2006).

TEACHING AND MENTORING

Course Director

Department of Statistics and Probability, Michigan State University

2020 STT 422: Statistics II

Department of Epidemiology and Biostatistics, Michigan State University

2018 – 2021 EPI 851: SAS Programming I Essentials

2019 – 2022 EPI 852: SAS Programming II Project Management

Department of Individual, Family, and Community Education, The University of New Mexico

2017 IFCE 511: Introductory Educational Statistics

Preceptor

College of Human Medicine, Michigan State University

2019 – 2021 HM556 Intercession: Evidence-based Medicine (Epidemiology)

Guest Lecturer

Measurement and Quantitative Methods Program, Michigan State University

2018 CEP 923: Item Response Theory

Department of Individual, Family, and Community Education, University of New Mexico

2017 IFCE 603: Applied Statistical Design and Analysis

Invited Speech & Workshop

Department of Nutrition & Dietetics and Human Development & Family Studies, Central Michigan University

2016 Multilevel Modeling

The Armed Forces Medical College, Egypt

2021 Hands-on Assessment and Examination Analysis

National Chengchi University, Taiwan

2026 Beyond Statistical Models: Causal Inference and Machine Learning in Educational Research

2025 Statistical Inference and Educational Decision-Making: Simulation, Bayesian Methods, and Policy Recommendation

National Kaohsiung Normal University, Taiwan

2025 Can AI Understand Empathy? Applications of Affective AI in Education

University of California, San Francisco

2025 Grand Round: AI-assisted applications in OSCE assessment: Bridging the Gap in Clinical Evaluation

Teaching Assistantship

Department of Counseling, Educational Psychology, and Special Education, Michigan State University

2011, 2013	CEP 920: Instrument Construction in Education
2015	CEP 921: Psychometric Theory I
2012, 2013, 2016	CEP 932: Quantitative Methods in Educational Research I
2012, 2013, 2015	CEP 933: Quantitative Methods in Educational Research II
2011, 2013	CEP 934: Multivariate Data Analysis I

Department of Education, National Chengchi University, Taiwan

2006 – 2007	Time Series Analysis Applied in Education
2005 – 2006	Behavior Modification
2004 – 2005	School Architecture and Equipment
2003 – present	Private Statistical Consultant, Statistical Tutoring

Mentoring

Doctoral Dissertation Working Group, Department of Bioengineering, Stanford University

2023 – present	Lautman, Ziv (Expected PhD Fall 2025). <i>Engineering Wellness</i>
----------------	--

Doctoral Dissertation Committee, Department of Epidemiology and Biostatistics, Michigan State University

Advisor

2022 Summer	Xia, Kun (Expected Biostatistics PhD Fall 2026).
-------------	--

Member

2022 – present	Glazier, Alicynne (Expected PhD Spring 2024).
2020 – 2021	Ghiasi, Marzieh (Expected PhD Fall 2021). <i>Genetic heterogeneity associated with phenotypic variation in clinical presentation of endometriosis</i>

Doctoral Dissertation Committee, Department of Geography, Michigan State University

2024 – present	Katie Brown (Expected PhD Fall 2025).
----------------	---------------------------------------

Doctoral Dissertation Committee, Measurement and Quantitative Methods Program, Michigan State University

2022 – present	Li, Tatyana. <i>Logistic Regression under Class Imbalance</i>
2021 – present	Sullivan, William (Expected PhD Spring 2026).
2018 – 2020	Akazeze, Hope O. <i>Incorporating Differential Speed in Cognitive Diagnostic Models with Polytomous Attributes</i>

Doctoral Practicum Paper Committee, Measurement and Quantitative Methods Program, Michigan State University

2016	Akazeze, Hope O. <i>Sensitivity of multicollinearity-induced bias to outcome-covariate</i>
------	--

relationship

- 2016 Kim, Sewon. *A comparison of sequential and stratified two-stage sampling designs for populations with the unknown distribution of sampling units*
- 2015 Li, Tenglong. *Applying H-H and H-T estimators to propensity score analysis*

Masters Thesis Advisor, Department of Epidemiology and Biostatistics, Michigan State University

- 2021 – 2022 Zheng, Zhuochen. *Comparing multiple software for latent class analysis: Determinants for adults' executive functions.*
- 2019 – 2021 Debnath, Ishita. *Evaluating the prediction accuracy of multinomial logistic regression analysis with sparsity: A simulation study*

Research Mentor, MD program, College of Human Medicine, Michigan State University

- 2020 – 2023 Wexler, Benjamin
- 2020 – 2023 Keyes, Christopher

Academic Guidance Committee, Measurement and Quantitative Methods Program, Michigan State University

- 2024 – present Subir Hait

ADVANCED TRAINING

- 2020 *Translational Bioinformatics in R*, Michigan State University
- 2020 *Statistical Learning for Process Data (log files)*, Columbia University
- 2019 *Social Media Mining in R: Collecting and Analyzing Twitter Data*, Michigan State University
- 2019 *Natural Language Processing 1 + 2*
- 2016 *Programming for Everybody (Getting Started with Python)* by the University of Michigan

PROFESSIONAL SERVICE

Chief Operating Officer

- 2025– present Medical Social Network

Guest Journal Editor

- 2024 Promoting Longitudinal Assessment in Medical Education. *Medical Education Online*

Assistant Journal Editor

- 2006 *Journal of Education Research* (vol.136.), Taiwan

Ad-hoc Grant Review Panel

- 2019 Edward J. Stemmler Medical Education Research Fund,

National Board of Medical Examiners

Grant Review Panel

2021 National Science Foundation
2021 American Education Research Association Division I Grant Program

Review Committee

2018 – present American Psychological Association, Dissertation Research Award

Journal Reviewer

- Perspectives on Medical Education
- Psychological Medicine
- Structural Equation Modeling: A Multidisciplinary Journal
- Educational Measurement: Issues and Practice
- Academic Medicine
- Advances in Health Sciences Education
- Journal of Teacher Education
- Thinking Skills and Creativity
- BMC Open
- Technology in Society
- Humanities and Social Sciences Communications

Ad-hoc Journal Reviewer

- Teaching and Learning in Medicine: An International Journal

Conference Reviewer

- Association of American Medical Colleges
- American Education Research Association
- National Council on Measurement in Education
- Central Group on Educational Affairs

Conference Coordinator

- 1st International Conference on Creativity and Innovation Education

National-level committee

2024 – present The Research in Medical Education (RIME) Program Planning Committee,
Association of American Medical Colleges (AAMC) Medical Education Meeting

State-level Committee

Slide Judge Committee – Representing Michigan State University College of Human Medicine

2022, 2023, 2024 Southeast Michigan Center for Medical Education (SEMCME) Research Forum

and Annual Michigan Quality Improvement Summit

College-level Committee

Center for Statistical Training and Consulting, Michigan State University

2026 Unit Review Committee for Promotion Evaluation

College of Human Medicine, Michigan State University

2018 – present Assessment Analytics Team

2021 – 2024 Student Competence Committee

2022 – 2024 Liaison Committee for Medical Education (LCME) Faculty subcommittee

2024 – 2025 Faculty Search Committee, Doug Meijer Medical Innovation Building Global Impact Initiative

Doug Meijer Medical Innovation Building Global Impact Initiative

2024 – present Faculty Search Committee, College of Human Medicine, Michigan State University

Department-level Committee

Reappointment, Promotion, and Tenure Committee

2023 - Committee member, Office of Medical Education Research and Development,
College of Human Medicine, Michigan State University

Recruitment Committee

2020 – 2021 Department of Epidemiology and Biostatistics, College of Human Medicine,
Michigan State University

Award Committee

2020 – 2022 Chair, Office of Medical Education Research and Development,
College of Human Medicine, Michigan State University

2020 – 2022 Committee member, Office of Medical Education Research and Development,
College of Human Medicine, Michigan State University

Faculty Advisory Committee

2021 – present Office of Medical Education Research and Development,
College of Human Medicine, Michigan State University

Search Committee

2020 Office of Medical Education Research and Development
Tenure-stream assistant professor Search Committee, College of Human Medicine,
Michigan State University

Other Universities Service

2025	External Reviewer for Tenure promotion, Department of Medical Education, University of Illinois College of Medicine
2024	External Reviewer for Fixed Term promotion, Rutgers School of Health Professions

WORK EXPERIENCE

2012 – 2016	Statistical Consultant, The Center for Statistical Training and Consulting (CSTAT), Michigan State University, East Lansing, MI Supervisor: Dr. Steve Pierce
2011 – 2016	Teaching Assistant, Measurement and Quantitative Methods Program, Michigan State University, East Lansing, MI Supervisor: Dr. Kimberly Kelly and Dr. Tenko Raykov
2010 – 2011	Research Assistant, The Center for Mathematics and Science Education Research, Michigan State University, East Lansing, MI Supervisor: Dr. Richard Houang
2019 – 2010	Research Assistant, Department of Physical Medicine and Rehabilitation, Michigan State University, East Lansing, MI Supervisor: Dr. Michael Leahy and Dr. Virginia Thielsen
2007 – 2009	Staff, Bureau of International Cultural and Educational Relations, Ministry of Education, Taipei, Taiwan Supervisor: Dr. Chin-Jen Liu
2005 – 2007	Research Assistant and Teaching Assistant, National Chengchi University, Taipei, Taiwan Supervisor: Dr. Hsen-Hsing Ma
2004 – 2005	Research Assistant, National Chengchi University, Taipei, Taiwan Supervisor: Dr. Chih-Min Tang
2003 – 2004	Research Assistant, National Kaohsiung Normal University, Kaohsiung, Taiwan Supervisor: Dr. Shu-Mei Chang

SKILLS

Measurement and Statistical Software

- R, Python, SAS, SPSS, *Mplus*, LatentGOLD, IRTPro, Multilog, ArcGIS, LISREL, HLM, Frontier, AHP, Stata

Language

- | | |
|----------------------|----------------------|
| • Taiwanese – native | • English – fluent |
| • Chinese – native | • Spanish – beginner |

REPertoire of RESEARCH METHODS

- | | |
|--|---|
| • Multivariate Data Analysis | • Multidimensional Item Response Theory |
| • Multilevel Models | • Computer Adaptive Testing |
| • Instrument Construction in Education | • Differential Item Functioning |
| • Psychometric Theory | • Scale Development |
| • Item Response Theory | • Categorical Data Analysis |

- Advanced Measurement
- Longitudinal Data Analysis
- Latent Variable Modeling
- Causal Inference
- Meta-Analysis
- Bayesian data analysis
- Statistical Computing
- Clinical Trials
- Duration and Severity Analysis
- Biostatistics Models in Genomic Analysis
- Time Series Analysis in Educational Research
- Missing Data
- Power Analysis & Sample Size Planning
- Survey Research
- Experimental Design
- Program Evaluation and Assessment
- Evidence-Based Medicine
